Identification Declaration

{Thank you for applying to study at UCOL. Due to the ongoing COVID-19 pandemic restrictions, we understand that some students may find it difficult to supply verified documents.

If you are unable to provide a verified copy of your identification document, you must make a declaration that states you have submitted a true copy of the original document. Due to COVID-19 restrictions, this is an acceptable form of identity verification until further notice.

Please note we will accept an electronic signature. This can be achieved with most PDF editors (e.g. Adobe Reader)}

I certify that every document I have submitted as part of the enrolment process at UCOL is a true copy of the original document. I will produce the original if requested by UCOL at a future date.
