

Health Declaration Form International Students

Welcome to Te Pūkenga - New Zealand Institute of Skills and Technology, trading as UCOL.

A declaration of an applicant's past and present health status is a requirement of entry into your programme. While health problems are not a barrier to entering a programme, it is important that the Academic Portfolio Manager is aware of them and can discuss them fully with you. Please answer all questions in Section A, then make an appointment with your doctor who should complete the medical report sections.

The information provided will be held in the strictest confidence.
